Description

"Your New Puppy - Starting off on the Right Paw" is an indispensable guide for anyone welcoming a new furry friend into their home. Written by Dr Elaine Cebuliak with extensive experience in canine care, this book provides a comprehensive overview of everything you need to know to ensure a successful and harmonious relationship with your new puppy.

From the very first day, this book takes you through the crucial aspects of puppy care, offering valuable insights and practical advice. Topics covered include creating a comfortable and safe environment for your puppy, choosing the right bed and setting up personal space, establishing consistent feeding times, and the importance of socialization. You'll learn how to address common challenges like night-time crying, destructive chewing, and biting, and discover effective strategies for toilet training and managing your puppy's digging tendencies.

The book also emphasizes the significance of training and provides guidance on positive reinforcement techniques that will help you shape your puppy's behaviour and foster a strong bond. It addresses important aspects of your puppy's health, such as common

household toxins to avoid, natural flea control methods, and dental care. Furthermore, the book delves into the topic of vaccination and titre testing, exploring the benefits of a natural diet and the safe use of essential oils for your puppy.

Recognizing that families often include young children, "Your New Puppy" also touches upon dog behaviour specifically geared towards kids. It provides insights on how to foster a positive relationship between children and their new furry companion, teaching them how to interact safely and responsibly.

Whether you're a first-time puppy owner or seeking to improve your knowledge and techniques, "Your New Puppy - Starting off on the Right Paw" is a trusted resource that will empower you to provide the best care and upbringing for your new family member, setting them on a path to a healthy and happy life.
